Pixami Yearbook Pro

## One Solution for All Your Yearbook Needs!

About

Elementary, Middle, and High School. Beginner and Advanced. Single and Multi-User. Mac, Windows, iPad, and Chromebook. *Pixami's Yearbook Pro software is the solution for you!*

Yearbook Pro is a powerful, reliable, flexible, and easy-to-use online yearbook software solution, with a short learning curve, and a wide range of features that make it a great choice for all schools and all ages.

For novice users, automated design wizards with built-in themes provide the ability to create professional-looking pages in a matter of minutes. More advanced users can create their own intricate page designs using a powerful set of layout and HTML5 editing tools, and a huge set of built-in templates and other fun design elements.

Yearbook Pro provides the right mix of functionality and content to ensure a fun, rewarding experience for everyone, and an awesome end result. Take the worry out of your yearbook season and see why thousands of Elementary, Middle, and High Schools choose Pixami!

Feature Highlights

True Online Solution with No Downloads.

Yearbook Pro is 100% web-based, using the latest HTML5 technology. The software doesn't require any downloads or troublesome installations, and users can access it any time, from any location, and on just about any device!

Multi-Platform Support Includes Mac, PC, Tablets, and More.

Yearbook Pro runs on Windows and Mac, plus the Apple iOS, Android OS, and Google Chrome OS. The ability to run on most computers, plus Chromebook and devices like the iPad, provides important flexibility for your schools.

Easy to Use, with Minimum Support Requirements.

A friendly, intuitive workflow makes Yearbook Pro easy to navigate, and tutorial videos are available on every page. A short learning curve allows new users to master the software quickly. And because Yearbook Pro is easy to use, it's also easy to support!

Flexibility in Branding and Reskinning.

Yearbook Pro can be branded for your business, or even for each of your schools. You can also brand the Pixami documentation and other sales and support materials!

Extensive Set of Professionally Designed Content.

Yearbook Pro includes thousands of page backgrounds, layouts, clip art and design objects, and fonts, in a wide variety of styles that appeal to students of all ages.

Advanced Collaboration and Online Approval.

Collaboration functionality allows multiple users to work together on the yearbook, with oversight and input from an adviser.

School Storefront Online e-Commerce Ordering.

Yearbooks can be sold online with a secure e-commerce School Storefront. This site also includes the ability to sell yearbook ads, supplement pages, and other personalized photo products!
